

Wine Adventure

Wine Club

“A worldly oenophile adventure!”
(318) 219-3330

We know you are not likely to step out and try that lone bottle of Getariako Txakolina (a great Spanish white wine). You are not alone. But you do not need us to discover the next politically correct Merlot. This club will not send you one red and one white, equally priced. We won't waste your time with wine we can't sell in the store or closeout products from our wholesalers. There is no need for this when there are so many talented winemakers from every corner of the globe redefining the standards of their region without compromising the soul and identity of their product. The wines may be red, pink, or white. They may be still, sparkling, dry or sweet. Above all these wines are an important component of a larger regional culture—a culinary culture. Our goal is to invite you on a remarkable and educational journey through the incredible diversity in the world of wine. Each month you will receive two unique and compelling wines that you do not see everyday. We will include a thorough explanation of each wine's origin, history, composition, and our personal views as to why we chose this wine for our club. We will

also offer food pairing advice and a recipe for each wine.

You will receive one package monthly to your doorstep (or opt to pick it up and save on shipping). Wines will retail at a value higher than the \$35.00 Club price and members will be offered the chance to purchase the wines at a discount of 10% off retail. This discount will be good for the entire month of the selection. Bear in mind that many selections may be allocated and supplies may be limited. A gift membership may be arranged, simply let us know the length of the membership and provide us with the name and address. We will handle all the details.

The cost of the club is \$35.00 per month, to pick up the wine at Wine Country (425 Ashley Ridge Blvd Suite 110, Shreveport, LA 71106), or \$40.00 per month to be delivered to your doorstep in the Shreveport or Bossier area (sales tax not included). Due to state laws we are unable to ship elsewhere. Billing is in advance. If this is being given as a gift, an introductory letter will be sent to the lucky recipient.
